

Vasken Altounian
President, HD Supply Canada

Vasken Altounian is the president of HD Supply Canada. Since joining the company in 2008, Vasken has lead a team of highly skilled associates that are focused on servicing HD Supply Canada's targeted customers, meeting financial commitments and having fun along the way. He is responsible for the Canadian division and its businesses, which include HD Supply Brafasco/CTF Supply and HD Supply Litemor.

Vasken started his career 24 years ago at Delta Faucet Company, where he held leadership positions of increasing responsibility including vice president of logistics. In this position, he was responsible for logistics, planning, purchasing, establishing supplier partnerships in China and building a plant in Panya. From 1999 to 2005, Vasken served as president of Delta Faucet Canada. In May 2005, he accepted the position of executive vice president at Delta Faucet Company in Indianapolis, where he was responsible for sales, marketing, R&D and product planning. Prior to joining HD Supply, Vasken joined Rtica Corp, a start-up Cleantech company.

Vasken has a bachelor's degree in mechanical engineering from American University of Beirut in Beirut, Lebanon; a M.S. in IE/OR from Columbia University in New York, N.Y.; and an M.B.A. from Indiana University in Indianapolis.

HD Supply Canada (www.hdsupply.ca) is a national wholesale distribution company, providing a broad range of products and services to professional customers in the maintenance, repair and specialty construction markets. Its lines of business include: HD Supply Brafasco, HD Supply CTF Supply, HD Supply Facilities Maintenance and HD Supply Litemor. The Canadian business is part of one of the largest diversified wholesale distributors in North America, with a diverse portfolio of industry-leading businesses and approximately 770 locations.
