FOR IMMEDIATE RELEASE

**HD SUPPLY FACILITIES MAINTENANCE LAUNCHES
2010 CATALOG V60 - FEATURING 4,000 NEW PRODUCTS**

SAN DIEGO, CALIF. – April 19, 2010 – HD Supply Facilities Maintenance, a leading distributor of maintenance products and operating supplies to the multifamily, hospitality and healthcare industries, today announced the release of its 2010 Catalog (Volume 60) containing 22,000 stocked maintenance, repair and operating products. The catalog also features the company’s value-added services. The annually produced catalog has 1,800 pages of products, trade tips and technical information to help customers find what they need quickly. The catalog is also available at www.hdsupplysolutions.com in a fully searchable version.

“We are committed to being the best partner possible to our customers and continue to provide products they need with exceptional customer service, consistent, high fill rates and reliable next-day delivery,” said Anesa Chaibi, president of HD Supply Facilities Maintenance. “Our latest catalog is another way our customers get what they need, how they need it, when they need it.”

The 2010 Catalog V60 contains 4,000 new products and focuses on providing solutions to customers’ maintenance needs. Many of the new products were added to support customers who maintain buildings with a larger footprint that require commercial grade products. Among the new and expanded offerings are products from Armstrong Pump®, Cooper Bussmann®, Fernco®, Square D® Electric, Sloan Valve®, Zurn® and T&S® Brass.

In addition to the new products, the catalog highlights the company’s extensive free customer training program. It outlines the schedule of the first 20 classes on R-410A introduction and overview.

“In 2009, we provided training to more than 50,000 maintenance professionals on topics ranging from pool care to appliance repair to ideallygreenSM conservation maintenance. This year we will offer 150 classes on R-410A alone,” added Chaibi.

-more-

The 2010 Catalog V60 includes the following new products:

- Vistra™ Compact Refrigerators and Microwaves – offered in eight styles and three finishes.
- Shield Security® Line Additions – expanded to include commercial locks, exit hardware, padlocks, steel cables and door jamb reinforcement hardware.
- Expanded line of Seasons™ and Aspen® Kitchen and Bath Products:
 - Vanity lights designed specifically to coordinate with Seasons Anchor Point™, Raleigh™ and Abington™ faucet and bath hardware collections.
 - Affordable and easy to install bath hardware that coordinates with Aspen faucets and shower heads. Products that enable customers to update their bathrooms while meeting strict budgetary requirements.

In addition to the exclusive products mentioned above, below are some of the new product offerings:

- HD Supply Facilities Maintenance now offers Goodman Air Conditioner's GMC brand featuring reliable performance and affordability. The product comes with a two-year manufacturer's limited warranty on the condenser and a five-year manufacturer's limited warranty on the compressor.
- Products from WattStopper®, Philips, TCP and Feit Electric that help reduce energy usage and are good for the environment, including occupancy sensors and LED light bulbs, have been added to the ideallygreensm program.
- HD Supply Facilities Maintenance strives to help its customers comply with regulations that could impact their operations and has added a large selection of plumbing products that meet California (AB 1953) and Vermont (S. 142) legislation limiting the lead content in new faucets, pipes and plumbing fittings. Products that meet the standard are clearly identified throughout the catalog.

Services featured in this year's catalog include:

- Installation Services – provides customers with a single-source for products, labor and scheduling regardless of the size of the project. Full unit turnkey and major category installations are offered in many markets.
- Fabrication Services – manufactures custom products to meet everyday maintenance needs, including fabricated blinds, window screens, kitchen cabinets, countertops, doors and much more.
- ideallygreensm – HD Supply Facilities Maintenance's commitment to sustainability, offering more than 1,200 environmentally preferable products. Now, the program provides ideas and recommendations to reduce a facility's impact on the environment.
