FOR IMMEDIATE RELEASE

**HD SUPPLY PLUMBING/ HVAC RENOVATES ITS
KITCHEN & BATH COLLECTION SHOWROOM IN SCOTTSDALE**

New showroom displays products premiered at the Kitchen/Bath Industry Show offering the latest products in the market.

SCOTTSDALE, ARIZ. – (August 11, 2008) HD Supply Plumbing/HVAC, one of the nation's largest distributors of plumbing and HVAC supplies, announces the grand re-opening of its newly renovated Kitchen & Bath Collection showroom in Scottsdale located at 8355 E. Butherus Drive, Suite 7, Scottsdale, Arizona.

The renovated 4,500 square foot showroom gives homeowners, interior designers and general contractors access to full-size kitchens that showcase the newest sinks and faucets, and seven full bathrooms with the latest finishes and styles, including showers that incorporate lighting and sophisticated preset temperature controls.

"I am thrilled about the transformation of the facility," said HD Supply Plumbing/HVAC Regional Vice President Paul Tuff. "By renovating this showroom, we are able to offer our customers more than 150 new kitchen and bath products and showcase the latest design elements. The new showroom will help our customers eliminate the additional design step, helping to complete a new project faster and more efficiently."

The Scottsdale showroom hosted a Hawaiian luau-style customer and community event at the renovated facility.

This year HD Supply Plumbing/HVAC continued to expand its geographic footprint, opening four new locations in Macon, Ga.; Salisbury and Raleigh, N.C.; and Richland Hills, Texas.
