

MARKETS

- No. 1 leadership position in the U.S. and Canada

OVERVIEW

As North America's largest electric utilities distributor, HD Supply Utilities offers the industry's broadest and most comprehensive products, solutions, technology and expertise for the transmission and distribution of electric power, as well as generation plant maintenance. Since 1932, we've been serving electric utilities of all sizes, helping to drive costs out of their supply chain and lower their Total Cost of Ownership. We also help utilities to achieve energy efficiency and energy conservation, and lower the environmental impact of their operations.

HD Supply Utilities delivers capabilities to transform the supply chain — from operational expertise, strategic sourcing, inventory management and advanced material handling to coordinated logistics, emergency response, technology and extensive distribution. We are North American in scope with local service.

PRODUCT CATEGORIES

Wire and cable
